VNAs of New England: Your Home Health Care Provider

Welcome to the VNA Home Care Directory, the user-friendly and comprehensive home care service directory published by the Visiting Nurse Associations of New England (VNANE).

This directory is organized by the specific towns and states that our agencies serve. When you need services, simply look under the town heading where the services are required. You will find the names and telephone numbers of the agencies that provide services to that town.

Each agency offers core home health services to their patients. Additionally, many offer specialized services.

In addition to the traditional home health services offered by each of our network providers, every VNA offers or coordinates other services that may be required by a patient, including: IV Therapy, Respiratory Therapy, Durable Medical Equipment, Medical Supplies, Laboratory Services and Companion/ Homemaker Services .

Your Local VNA: Certified and Accredited

VNAs of New England is the integrated network of Visiting Nurse Associations throughout the region. Each member VNA is not-for-profit and Medicare and Medicaid-certified. Each member provider is accredited by JCAHO and/or CHAP. VNANE is committed to ensuring consistent, high-quality care throughout its network.

The VNA Difference: Community-Based Care

VNAs built the tradition of home health care in New England with a legacy of cutting-edge community-based care for over 100 years. VNAs bridge the intensely personal concerns of patients and the increasingly competitive burdens of insurers. VNAs are committed to the patients, families and other providers in the communities they serve. VNAs preserve health care's human face and personal touch.

A Full Array of Services and Specialties

Core Services: Every VNA in our network offers all of the core services you need to ensure that patients enjoy a successful transition from hospital to home to maintain stability of one's medical needs in the home. These include:

- Skilled Nursing
- Physical Therapy
- Occupational Therapy
- Speech/Language Pathology
- Medical Social Work
- Nutrition Counseling
- Home Health Aide
- Terminal care, including pain and symptom management

Specialty services: VNANE agencies offer a great deal of specialized care. Many of our clinicians have earned advanced degrees and/or certifications in the following specialty areas:

- Advanced Wound Care
- AIDS/HIV Care
- Alzheimer's Care
- Asthma Care
- Cardiac Care
- Case Management
- Diabetes Care and Education
- Early Maternity Discharge Care
- Ostomy Care
- Head Injury Care
- High Risk Obstetric Care

- Hospice Program
- Intravenous Therapy
- Maternal/Child Health Care
- Mental Health Care
- Oncology Care
- Orthopedic Care
- Pediatric Care
- Rehabilitation
- Ventilator-Dependent Patient Care

Community-based services: Care provided by our VNAs is multi-dimensional. Our tradition of community-based care provides patients with access to a wide array of local services that contribute to physical, mental and emotional health.

These community support services typically include:

- Adult immunizations
- Alzheimer's support groups
- Childbirth/breastfeeding education
- Childhood injury prevention
- Communicable disease follow-up
- CPR/First Aid training
- Community health education
- Exercise programs
- Family home visiting programs
- Health screening - e.g., blood pressure, cholesterol, glucose, lead
- Housing and shelter programs
- Medication management
- Oncology support groups
- Teenage pregnancy support groups
- Tuberculosis screening
- Volunteer programs
- Well-child clinics
- Young parents support groups

Using VNANE's Home Care Directory

VNANE 's directory includes every city and town served by network providers in Connecticut, Massachusetts and Rhode Island, as well as a number of communities in New Hampshire. The growing shortage of nursing staff in New England and elsewhere has created limitations for services in certain geographic areas.

Each tab in this directory is labeled by state. Communities are listed alphabetically. To secure services from a network provider, simply search for the town where the services are required. You will find a complete listing of the network providers serving that town.

Additional information for each provider is listed in alphabetical order by provider name in the state section of the directory.

Home Care On-Call

VNANE 's new on-line directory, *Home Care On-Call*, is the first comprehensive electronic directory of communities served by VNANE home health care providers in New England. This is the most up-to-date listing of VNANE providers and the communities they serve. Visit Home Care On-Call at homecareoncall.com.
